Part D

2025 Benefit Redesign

In 2025, Part D plans & drugs manufacturers will pay a larger share of costs in the catastrophic stage, Medicare will pay a smaller share.

In 2025, the coverage gap stage was eliminated, with a \$2,000 true out-of-pocket max. Members have no cost-share for Part D covered drugs after initial coverage stage is completed.

Medicare Prescription Payment Plan: Carriers will contact enrollees and provide program information, including: the opt-in process, participant protections, and data needed to evaluate the program.
